

NEWS UPDATE

Sprig Circuits is actively involved in the California Circuits Association, the association that connects the electronics industry. Earlier this year for the annual conference we created a commemorative circuit board/plaque, showing the quality of the California circuit board industry while at the same time recognizing Governor Arnold Schwarzenegger. Later Sprig Circuits was recognized by the Governor himself in a thank you letter that was published on CCA website, calcircuits.org/Feb04ccaletter.htm

Sprig Circuits Inc.

GOVERNOR ARNOLD SCHWARZENEGGER

February 9, 2004

Mr. Joe Grondona
765-A Eubanks Dr.
Vacaville, CA 95688

Dear Joe,

Thank you very much for the great plaque and your kind words written on the back. I've been photographed and painted and sculpted before, but I think this is the first time my image has been preserved on a circuit board! I'm especially touched that you included the quote from my Inauguration Address on it. I do believe those words, and I'm having a great time making California golden again.

Thanks again for your thoughtfulness.

With warm regards,

Arnold Schwarzenegger
